Compact performing fax for business

So reliable, so affordable, so easy to use: you'll hardly notice it's there.

Professional Faxing.

The new OKIFAX 4515 is the new compact and professional fax, ideal for the individual – whether at home or at work. As business technologies come and go, one thing remains essential to every efficient business: a simple, reliable fax machine. And that is precisely what you get with the OKIFAX 4515.

The OKIFAX 4515 is fast, scanning documents at 6 seconds per page, transmitting at 3 seconds per page and printing at 10 pages per minute (ppm). But high speed doesn't mean low print quality: the OKIFAX 4515 boasts a 64 level grey scale and 600 x 600 dpi printing resolution.

Compact and reliable.

Its small, sleek and stylish design means that the OKIFAX 4515 can make itself at home in any office, while its outstanding value for money – and low cost per copy – help it fit comfortably into any businesses budget.

This hardworking laser fax machine comes with all the features you need from an office fax – and none of the complications. In fact, we've made it so reliable and easy to use that you'll hardly notice it getting on with its work, allowing you to get on with yours.

A fax machine you don't have to think about? That's worth thinking about.

Highlights:

- 33.6kbps modem for high speed faxing
- 10ppm copying and printing
- Easy to use address book for individual or group fax and sms contacts
- 2Mb memory for up to 120 sheets with password protection and unlimited backup
